## W3C CSS Validator results for TextArea (CSS level 3)

## **Congratulations! No Error Found.**

This document validates as CSS level 3!

To show your readers that you've taken the care to create an interoperable Web page, you may display this icon on any page that validates. Here is the XHTML you could use to add this icon to your Web page:

(close the img tag with > instead of /> if using HTML <= 4.01)

The W3C validators are developed with assistance from the Mozilla Foundation, and supported by community donations.

**Donate** and help us build better tools for a better web.

If you like, you can download a copy of this image to keep in your local web directory, and change the XHTML fragment above to reference your local image rather than the one on this server.

If you would like to create a link to this page (i.e., this validation result) to make it easier to revalidate this page in the future or to allow others to validate your page, the URI is:

```
http://jigsaw.w3.org/css-validator/validator$link
or
http://jigsaw.w3.org/css-validator/check/referer (for HTML/XML
document only)
```

(Or, you can just add the current page to your bookmarks or hotlist.)
